authentic worship

God is great and gracious, worthy of praise, honour and admiration. **We respond to God with every heartbeat, every desire, and every thought.**

intentional growth

The Bible is God's word, through which we hear him speak by His Spirit. **We grow through the teaching and application of God's word.**

expectant prayer

Prayer is communication with God. **Our Father in Heaven hears our praise, our joys, our struggles and our requests, both as individuals and as a community.**

HELLO

we're glad you're here

Welcome to Beaconsfield Baptist Church. This morning we gather to worship and pray together, to hear God through His word, and to grow in our love for each other and our community. It is great to see what God is doing in and through us as we seek to be more like Christ.
